

JOB ANNOUNCEMENT

The St. Lucie County Fire District will begin accepting employment applications for Firefighters on October 9, 2019. The application deadline is 4:30 p.m. on November 12, 2019. Although applications remain on file with the Fire District for four (4) years after the application deadline, interested candidates, who have applied in the past, will need to reapply for consideration.

In order to submit an application, interested candidates must first pass the Treasure Coast Physical Agility Test (“TC-PAT”), administered by Indian River State College (“IRSC”). The next scheduled date for the test is August 16, 2019, September 13, 2019, October 18, 2019, and November 6, 2019. Please contact IRSC through their website, www.tcpublicsafetytraining.com, and under fire academy click on “pre-employment testing” for details on testing procedures, test locations, additional test dates, and fees. Testing is only valid for the six (6) month period preceding the application deadline. All arrangements for testing must be coordinated through IRSC directly.

Please DO NOT contact the Fire District in regards to the testing process.

Interested candidates that meet the criteria listed above may e-mail their contact information to the Fire District’s employment e-mail address at employment@slcfd.org to have an employment application and instructions forwarded via e-mail. The application form is a fillable PDF document and identifies the required minimum qualifications. Please note there are sections that require notarization of the applicant’s signature. Completed applications, accompanied by required documentation, may be emailed to employment@slcfd.org, faxed to 772-621-3609, or delivered to:

St. Lucie County Fire District
Attn: Human Resources Division
5160 N.W. Milner Drive
Port Saint Lucie, FL 34983

Only completed application packages will be accepted and must be received or postmarked by 4:30 p.m. November 12, 2019.

Applicants selected for an interview will be notified. Please continue to monitor the Fire District’s website, at www.slcfd.com, for updates regarding this job posting.
